

Dear Colleague,

We are writing you about the third annual Laryngology Fellows Day (LFD) coming to San Antonio, TX on October 23 as a prelude to the 2014 Fall Voice Conference.

This year's Fall Voice Conference is being held October 24-25 at the Westin Riverwalk. The main conference program is designed to encourage and educate professionals in the multidisciplinary approach to the management of voice problems – for more information, please visit <http://www.fallvoice.org>.

First and foremost, Fellows Day is an opportunity for incoming, current *and* recent graduate fellows in Laryngology to gather in one place and interact; there will be an all-day FREE program of laryngology content to attend and foster discussion/collegial interaction. The format will be mostly panel discussions with plenty of opportunity for audience participation. This year's topics will include "The Laryngologist's Role in Airway Management," "Voice Therapy Primer for the Laryngologist," "Case Studies on Laryngeal Disorders – Unbiased How I do it," "Things I'm Doing Differently Since Fellowship."

This was a great success last year, with world class presenters and dozens and dozens of attendees at the Atlanta 2013 Fall Voice Conference. Thanks again to all the speakers and participants!

Laryngology Trainees: If you are an 1) incoming laryngology fellow or interested senior resident, 2) current laryngology fellow, 3) recent graduate of a laryngology program (completed fellowship in 2013 or 2014), please feel free to join us in San Antonio October 23, 2014 for the LFD. There is no charge for registration, but you must RSVP to me at gaelyn.garrett@vanderbilt.edu and also to Alyson Conley (alyson@theassociationcompany.com). We hope you stay and attend the Fall Voice Conference the following two days; registration for the Fall Voice conference is separate and can be done through the website listed above.

If you are a laryngology fellowship program director, we are asking for your help with getting this invite to your incoming, current, and recent grad fellows. Please –feel free to forward this to your current or former trainees.

If you are a **department chair/search committee** recruiting a Laryngologist, many of your finest prospects will be in attendance at this meeting and you are welcome to attend the cocktail party reception at the end of the day. Last year, the vast majority of current fellows in US Laryngology programs were in attendance at LFD. Come meet the class of 2015! There will be time set aside to meet and greet in the second half of the day/evening.

We look forward to seeing you in San Antonio on October 23 for LFD3 and for Fall Voice 2014 Oct 24-25.

Because your name may appear on more than one mailing list, I apologize if you receive this invitation from several different emails/forwards.

See you there!

Best,
C. Gaelyn Garrett
