

THE FALL VOICE CONFERENCE

October 23 – 25, 2014

The Westin Riverwalk – San Antonio

POSTER PRESENTATIONS

NAME	TITLE:
Wesley Abadie, MD	<i>A Case Report of Spindle Cell (Sarcomatoid) Carcinoma of the Larynx/Oncocytic Cyst of the Larynx: A Case Report and a Review of the Literature</i>
Eylul Altan, PhD	<i>Voice Perception of Opera Students in Turkey</i>
Kenneth W. Altman, MD, PhD	<i>The Utility of Office-Based Biopsy for Laryngopharyngeal Lesions: Comparison with Surgical Evaluation</i>
Burak Asik, MD	<i>The Aerodynamic Outcomes of Vocal Fold Medialization in Unilateral Vocal Fold Paralysis</i>
Elizabeth Ford Baldner, MA, CF-SLP	<i>A Preliminary Study on the Establishment of Vocal Effort Ratings</i>
Esmeralda Berruete	<i>Perception of vocal emotion across different ethnic groups</i>
Josie Ekholm Brown, BS	<i>A Comparison of the Communication Quality of Life of Transgender Men and Transgender Women</i>
Paul Bryson, MD	<i>Office-Based Injection Pharyngoplasty: Technique, Indications and Initial Experience</i>
Patricia Campbell, MM	<i>Functional basis of Squall: Stroboscopic Findings</i>
Thomas Carroll, MD	<i>Nissen Fundoplication for Laryngopharyngeal Reflux After Patient Selection Using Dual pH, Full Column Impedance Testing</i>
Amy Cooper, MS, CCC-SLP	<i>Voice Complication of the Raked Stage</i>
James Curtis, MS, CCC-SLP	<i>Static Endoscopic Evaluation of Swallowing (SEES): A Clinical Assessment Procedure/Anterior Cervical Spine Surgery and Dysphagia: Objective Assessment and Efficacy of Voice Therapy Application</i>
Seth Dailey, MD	<i>Narrow Band Imaging (NBI)- assisted office-based angiolytic laser treatment of laryngeal papillomatosis</i>
Pedram Daraei, MD	<i>Injection laryngoplasty using temporary materials leads to durable voice improvement in long standing paralysis, paresis, and atrophy</i>
Christina Dastolfo, MS, CCC-SLP	<i>Aerodynamic Assessment of Four Common Voice Disorders: Moving Toward Disorder Specific Assessment</i>
Karuna Dewan, MD	<i>Dysphagia Associated Quality of Life in Patients after Oropharyngeal Cancer Treatment</i>
Vaninder Dhillon, MD	<i>A pilot study: The implementation of a clinical pathway for laryngectomy patients in one institution</i>
Gregory Dion, MD, MS	<i>Review of Type I Thyroplasty Complications: From True Vocal Fold Hemorrhage to Central Cord Syndrome</i>
Cristina Duran, MS, CCC-SLP	<i>Spontaneous development of fluent inspiratory phonation as adaptive compensation for laryngeal dystonia</i>
Kathryn Falcon-Davidson, BA, MA, PhD	<i>The Adolescent Performer: Collective Case Studies of a Treatment Seeking Population</i>
Tuan-Jen Fang, MD, FICS	<i>Early hyaluronate injection to unilateral vocal fold paralysis improved quality of life: an open-label randomized controlled study</i>
Judith Fornadley, MS, SLP	<i>Allergy, cough & dysphonia: a literature review</i>
Mark Fritz, MD	<i>The safety of antithrombotic therapy during in-office laryngeal procedures</i>
Amanda Gillespie, PhD	<i>Can patient symptom questionnaires differentiate asthma from PVFMD? Preliminary results of an ongoing, prospective study.</i>
Kate Glasheen, M.A.	<i>Reported current relationships between students in acting training programs and vocal health practitioners</i>
Jonelyn Langenstein, MM, MS CCC-SLP	<i>A Comparison of Two Self-Monitoring Tools for the Normophonic Singer</i>
David Heid, BM, BS	<i>Development of Computerized Vocal Vibrato Training System</i>

Amanda Hembree, MA, CCC-SLP	<i>NeuroMuscular Taping: Voice Applications</i>
Amanda Hu, MD, FRCSC	<i>The effect of oral topical anesthesia on the characteristics of voice/Evaluating the quality and readability of thyroplasty information on the internet.</i>
John Ingle, MD	<i>Management of an accidental tracheostomy placement through the anterior commissure of the true vocal folds.</i>
Jack Jeng	<i>Laryngeal Cryptococcosis: Case Report and Systematic Literature Review for a Rare Cause of Hoarseness</i>
Aaron Johnson, MM, PhD-CCC/SLP	<i>Assessing age-related laryngeal changes with high-resolution and high-speed MRI</i>
Christopher Johnson, MD	<i>Mechanical Modeling of the Human Cricoid Using Computer-Aided Design: Applications in Airway Stenosis Research</i>
Ashwini Joshi, PhD, CCC-SLP	<i>The Effects of Voice Therapy on Student Teachers in Music Education</i>
Ian Koszewski, MD	<i>Unsedated Awake Office-Based Angiolytic Treatment of Reinke's Edema</i>
David Krupke, MA, CCC-SLP	<i>Behavioral Management of Vocal Fatigue and Pitch Range Limitations in an Untrained Vocalist</i>
Robbi Kupfer, MD	<i>Derkey score is associated with disease severity in laryngeal papilloma</i>
Paul Kwak, MD, MM, MSc	<i>Physiologic and Acoustic Effects of Opera Performance</i>
Pauk Kwak, MD, MM, MSc	<i>Measuring Quality of Life in Pediatric Paradoxical Vocal Fold Motion Using the SF-36</i>
Wendy LeBorgne, PhD, CCC-SLP	<i>Potential Effects of Testosterone Pellet Implant on the Professional Voice: A Case Study</i>
Juliana Litts, MA, CCC-SLP	<i>The effects of the presence of a Speech-Language Pathologist at initial voice diagnostic clinic visit on voice therapy outcomes</i>
Yi-Chun Carol Liu, MD	<i>Vocal Cord Dysfunction: Retrospective review of diagnosed patients to streamline management and specialist referrals</i>
Ruth Lugo, BS	<i>Perceptual evaluation of vocal fry in young adult women</i>
Youri Maryn, PhD	<i>Overall dysphonia severity made visible in cepstrogram and CPPS-time-graph</i>
Youri Maryn, PhD	<i>Measuring dysphonia severity with the smoothed cepstral peak prominence in the program Praat</i>
Daniel GJ McCabe, DMA, CCC-SLP	<i>Prosody and Voice: A Review and Therapeutic Implications</i>
Tanya Meyer, MD	<i>Voice Disorders in the Workplace: Productivity in Spasmodic Dysphonia and the Impact of Botulinum Toxin/Work Hoarse - Exploring Presenteeism and Work Productivity in Chronic Voice</i>
Brett Myers, MA, CCC-SLP	<i>The Effect of Articulation on the Perceived Loudness of the Projected Voice</i>
John Nix, MM, MME	<i>A Multi-site Study of Vibrato and Non-Vibrato Singing in Collegiate Voice Majors: Second Progress Report</i>
Diana Marie Orbelo, PhD, CCC-SLP	<i>Vocal Tremor Found in Patients Referred for Botox Injections to Treat Chronic Cough</i>
Laishyang (Melody)Ouyoung, MS, CCC-SLP	<i>ABCLOVE Voice Training for the Management of Spasmodic Dysphonia</i>
Brian Petty, MA, CCC-SLP	<i>Integrating voice, cough, and PVFM therapy</i>
Nandhu Radhakrishnan, PhD, CCC-SLP	<i>Glottal dynamics during different levels of respiratory support/Subglottic Stenosis: Surgical and therapeutic results in an adult patient</i>
Victoria Reynolds, BSc (Hons)	<i>Laryngeal pathology in extremely preterm children before and after intervention: A case series</i>
Amy Richter, MD	<i>Long-term Follow-up of Vocal Fold Movement Impairment and Oral Feeding Following Neonatal Cardiac Surgery</i>
Erin Roberts	<i>Changes in Cerebral Hemoglobin Concentration in Voicing Tasks using Near Infrared Spectroscopy</i>
Jonathan Salinas, MD	<i>Voice Care Status in Professional Spanish-Speaking Singers</i>
Mary Sandage, PhD	<i>Influence of Percent Glottal Fry on Speaking Fundamental Frequency Measurement</i>
G. Todd Schneider, MD-MS	<i>Assessing of Willingness to Change in Patients with Voice Disorders</i>
Jamie Segel, MD	<i>The Utility of Flexible Esophagoscopy During Endoscopic and Open Zenker's Surgery</i>
Rahul Shrivastav, SLP	<i>What is a better descriptor of dysphonic voices – fundamental frequency or pitch?</i>
Jayne Stevens, MD	<i>Dyspnea and Dysphonia: Varied Presentations of Tracheobronchopathia Osteochondroplastica</i>
Sal Taliercio, MD	<i>A Review of the Role of Voice Therapy on Benign Vocal Fold Lesions</i>
Robbi Kupfer, MD	<i>Office vs. Operating Room Management of RRP: A Comparison of Patient Characteristics and Disease Severity</i>
Laura Toles, MS, CCC-SLP	<i>Stretch and Flow as an Effective Treatment for a Patient with the Diagnosis of Stuttering and Segmental Dystonia with Associated Dysphonia</i>

Carey Tomlinson, PT, MPT	<i>Manual therapy and Exercise to Improve Outcomes in Patients with Muscle Tension Dysphonia: A Case Series</i>
Sunil Verma, MD	<i>Evaluation of heating and shearing on vocal fold injectates</i>
Craig Villari, MD	<i>Injection laryngoplasty versus voice therapy in the treatment of vocal fold atrophy in the aging voice: a retrospective cohort study.</i>
Stephen Vong	<i>Investigation of context effects and total VHI-10 scores</i>
Christopher Watts, SLP	<i>Effects of Stretch-and-Flow Voice Therapy on Vocal Function and Handicap.</i>
Jonathan Young, MD	<i>Topiramate: A Cause of Drug-Induced Cough</i>
Katherine Yung, MD, FACS	<i>A comparison study of laryngostroboscopic examination technique in asymptomatic opera singers</i>
