

2019 Poster Presentations

<i>Submitting Author:</i>	<i>Abstract Title:</i>
Allison Aaron	<i>Ambulatory trends in objective voice measures associated with self-reported vocal status change for patients with vocal hyperfunction and matched controls.</i>
Yassmeen Abdel-Aty	<i>Assessing the Breadth of Laryngology Training in Otolaryngology Residency Programs</i>
Michelle Adessa	<i>Enhanced Patient Education for Unexplained Chronic Cough</i>
Mohamedkazim Alwani	<i>An Appraisal of the Readability, Understandability, and Quality of Printed Online Education Materials on Spasmodic Dysphonia</i>
Maria Bane	<i>Toward Precision Voice Rehabilitation: Identifying the Active Ingredients</i>
	<i>Moving Beyond the Treatment Protocol: Active Ingredients in Clinical Implementation of Voice Therapy</i>
Lisa Beckelhymer	<i>Behavioral management of dysphonia and laryngeal dyspnea secondary to use of vagal nerve stimulation in an individual with medically refractory epilepsy.</i>
Diana Becker	<i>Vocal Manifestations of Reported Past Trauma</i>
Michael Belsky	<i>Do Patients Diagnosed with Primary Muscle Tension Dysphonia use Less Phonatory Airflow in Connected Speech than Vocally-Healthy Speakers?</i>
Paul Blanchet	<i>Advancing Graduate Education in Alaryngeal Speech Rehabilitation: Project AL</i>
	<i>Vocal Mechanism Knowledge and Voice Care among University Voice Majors</i>
Timothy Blood	<i>Successful Interarytenoid Botox Treatment for Exercise Induced Paradoxical Vocal Fold Motion</i>
Hayley Born	<i>Mitigating Dysphonia and Discomfort after Violent Videogame Voice-overs with Vocal Combat Technique Training</i>
	<i>The Effect of Vocal Fold Medialization on Dyspnea Symptoms in Unilateral Vocal Fold Paralysis</i>
	<i>Neurologically Acquired Laryngomalacia in a Pediatric Patient with Moyamoya: A Case Report and Literature Review</i>
David Bracken	<i>Medical Device Related Pressure Injuries in Tracheostomy Patients: Underreporting in Electronic Medical Record</i>
	<i>Botulinum Toxin Injection to the Posterior Cricoarytenoid Muscle via Sclerotherapy Needle: Expanding the Utility of Working Channel Laryngoscopes</i>
	<i>Climbing the Tube: A Case of Rapidly Progressive Respiratory Granulation Tissue</i>
Simon Brisebois	<i>Determining the Minimal Clinically Important Difference of the Dyspnea Index in the Management of Laryngotracheal Stenosis</i>
Daniel Buckley	<i>Muscle Tension Dysphagia: An Expanded Clinical Picture</i>
	<i>Transmasculine voice modification: A case study</i>
Delaney Carpenter	<i>Utility of Routine Spirometry Measures for Surveillance of Idiopathic Subglottic Stenosis</i>
M. Castro	<i>Linguistic relevance and applicability of the Spanish VHI-10 in Southern California</i>
Keith Chadwick	<i>Office-based KTP laser management of vocal fold lesions in performers and rapid return to performance</i>
	<i>Voice change following testosterone supplementation therapy in women: a multi-institutional case series</i>
	<i>Short-interval botulinum toxin injection for adductor spasmodic dysphonia: a retrospective case-control study</i>
Steven Chau	<i>Safety of Outpatient Unilateral Medialization Laryngoplasty Across Two Academic Institutions</i>
Bhavishya Clark	<i>Flexible vs. Rigid Laryngoscopy: A Randomized Crossover Study Comparing Patient Experience</i>
Margeaux Corby	<i>Progressive painful oral and laryngeal lesions as manifestations of systemic autoimmune disease</i>
Ren Dan	<i>A Comparative Study of the voice function change in patients who underwent total thyroidectomy between preoperative and the third day postoperative</i>
James Daniero	<i>Development of a microporous annealed particle hydrogel for long-term vocal fold augmentation</i>
Brenton Davis	<i>The Effect of Body Mass Index on Outcomes of Endoscopic Surgical Procedures for Static Glottic Airway Restriction</i>
Elliana DeVore	<i>Can Voice Disorders Matter as Much as Life-Threatening Comorbidities in Patients' General Health?</i>
	<i>Does the Reflux Symptom Index Predict True Laryngopharyngeal Reflux Events by HEMII-pH Testing and Correlate with General Quality of Life?</i>
Vaninder Dhillon	<i>Microlaryngeal Dissection Courses – A National Survey on Prevalence, Value, and Barriers to Implementation</i>
Maria Dietrich	<i>Extralaryngeal surface EMG features that distinguish between those with and without elevated scores on the Vocal Fatigue Index</i>
Gregory Dion	<i>Longitudinal Laryngeal Thermal Injury Model</i>
Christopher Dwyer	<i>Idiopathic Subglottic Stenosis: An Institutional Review of Surgical Treatment Outcomes</i>
Grace Ferri	<i>Does Your Supraglottis Hang Low? Differential Diagnosis and Management of Adult Laryngomalacia</i>
Ashley Ferster	<i>Perceptions of pain of laryngeal electromyography</i>
	<i>Efficacy of Nissen Fundoplication for Management of Refractory Laryngopharyngeal Reflux</i>
Peter Filip	<i>Primary invasive fungal laryngitis in an immunocompromised adult</i>
Victoria Fischman	<i>How Patients Choose a Voice Specialist: A Stated Preference Study</i>
Amanda Flynn	<i>Vocal Health in Undergraduate Performing Arts Programs</i>
Michael Freeman	<i>Laryngeal Lymphangioma in an Adult</i>
William Gao	<i>A novel approach to vocal fold mucus retention cysts: awake KTP laser assisted marsupialization</i>
	<i>Demonstrating awake in-office treatment feasibility of saccular cysts: a video case report</i>
Gary Gartling	<i>A Comparison of the Localization of Integral Membrane Proteins in Human and Rabbit Vocal Folds</i>
Ashley Geer	<i>Pharyngoesophageal Segment Distention Ratios Across Volumes and Pathology</i>

Malia Gresham	<i>Medialization thyroplasty under general laryngeal mask anesthesia: a successful alternative to local anesthesia</i>
Chasse Guerrara	<i>Breathiness as a factor of contact quotient in the perception of femininity in the male-to-female transgender voice</i>
Renee Gustin	<i>Gender Spectrum Voice Care Across the Lifespan: A Service Model for Transitioning Gender Diverse Patients from Pediatric to Adult ENT-SLP Teams</i>
Jennifer Haney	<i>Transgender Voice: A Pediatric Perspective</i>
Edie Hapner	<i>Do Non-Specialized Voice Speech-Language Pathologists Change Perspectives on Dosing and Duration of Therapy Following Voice Workshops?</i>
Edward Harris	<i>Quantitative Assessment of Vocal Fold Angle During Maximal Abduction in Healthy Adults</i>
Wesley Hejl	<i>A Case of Laryngeal Apraxia</i>
Alexandra Hemberis	<i>The Pharyngeal Contractile Integral: An Indicator of Post-Deglutitive Bolus Residue</i>
Randall Holdgraf	<i>Predictors of Decannulation in Patients with Posterior Glottic Stenosis</i>
Carly Hosbach-Cannon	<i>Sonographic assessment hyoid elevation and suprahyoid muscle contraction during 4 controlled protocols.</i>
Molly Huston	<i>Current Opioid Prescribing Patterns after Microdirect Laryngoscopy</i>
Keiko Ishikawa	<i>Variations in Phonatory Modes and Vowel Intelligibility: A Study with Synthesized Speech</i>
	<i>Landmark-based approach for automatically describing the effect of spasmodic dysphonia on speech production: Preliminary case studies</i>
Kyohei Itamura	<i>Diagnostic Flexible Laryngoscopy and Videolaryngostroboscopy Utilization in the United States Medicare Population</i>
Lauren Jazwick	<i>Diffuse Spontaneous Laryngeal Hemorrhage with Trastuzumab</i>
William Karle	<i>Voice Outcomes Following Supracricoid Partial Laryngectomy</i>
Christine Kim	<i>Swallowing outcomes after injection laryngoplasty for vocal fold dysfunction</i>
Jee-Hong Kim	<i>Acute Airway Obstruction caused by Shar-Pei Larynx: Redundant Postcricoid and Aryepiglottic (AE) mucosa in patients with obstructive sleep apnea (OSA) – cases series and review of literature</i>
Emily Kimball	<i>Assessing Structural and Physiologic Laryngeal Changes in Response to Systemic Dehydration in a Rabbit Model</i>
Rachel Kominsky	<i>Use of gastrograffin/barium swallow studies to predict and prevent the development of post-operative pharyngocutaneous fistulae</i>
Samantha Kridgen	<i>Differences in patient reported events associated with the onset of phonotraumatic and non-phonotraumatic vocal hyperfunction</i>
Scott Lamm	<i>Peripartum Hemoptysis due to Laryngopathia Gravidarum: Case Report and Review of the Literature</i>
Wilson Lao	<i>Airway Considerations in Transgender Patients: Complications of Intubation</i>
Rachelle LeBlanc	<i>Visual Biofeedback for Treatment of Paradoxical Vocal Fold Motion</i>
Rosemary Lester-Smith	<i>The Effects of Masked and Delayed Auditory Feedback on Fundamental Frequency Modulation in Vocal Vibrato</i>
Tyler Light	<i>Case Report: Laryngeal Mass with Concomitant Neck Mass in an Adult Smoker</i>
Renee Lightcap	<i>A Case Study of Perceived Vocal Improvement following SOVT in MTD</i>
Tanner Lines	<i>Laser Ablation Refractory Laryngeal Leukoplakia in a Patient with GERD Responding to LINX Procedure and PPI Medication</i>
Adam Lloyd	<i>Applying concurrent multidisciplinary care to gender affirmation in transgender women: A case series</i>
Anjali Lodhavia	<i>The Prevalence and Impact of Voice Problems in Physicians: A Survey</i>
Joanna Lott	<i>The Use and Utility of Stimulability Testing in the Voice Clinic</i>
David Lott	<i>Novel Hydrogel Scaffold for Vocal Fold Tissue Engineering</i>
Eric Macdonald	<i>Incidental otolaryngologic pathology noted upon esophagogastroduodenoscopy (EGD): Case series and review of the literature.</i>
Chloe Maria	<i>Vocal hygiene in collegiate singers - does formal training predict practices?</i>
Katherine Marks	<i>Psychometric analysis of the Singing Voice Handicap Index-10 in singers with vocal hyperfunction and healthy controls.</i>
Youri Maryn	<i>Objective quantification of perceived vocal tremor severity: acoustic phonatory tremor index.</i>
	<i>Glottal Area waveform measures from high speed laryngoscopy: influence of segmenters.</i>
	<i>How reliable is the auditory-perceptual evaluation of the voice onset hardness?</i>
Dehra McGuire	<i>Acute reversible bilateral vocal fold immobility in rheumatoid arthritis</i>
Chaya Nanjundeswaran	<i>Listener Attitudes towards Individuals with Voice Disorders</i>
	<i>Mokken Scaling and Vocal Fatigue Index- Insights in to the Complex Nature of Vocal Fatigue</i>
Matthew Naunheim	<i>Vocal fold tracking by artificial intelligence</i>
	<i>Measuring the Impact of Dysphonia on Quality of Life Using Health State Preferences</i>
John Nix	<i>What vowel should I use for SOVT exercises?</i>
Paul Paddle	<i>The use of vocal fold injection augmentation in a trans-masculine patient unsatisfied with vocal resonance and pitch following testosterone therapy and voice training</i>
Anil Palaparthi	<i>Interactions of Lung Pressure and Intrinsic Laryngeal Muscle Activations with specific Acoustic and Posturing Parameters</i>
James Pazak	<i>Incidental Laryngeal Findings on FEES Examination in the Acute Care Setting</i>
Brittany Perrine	<i>Examination of Multiple Methods of Collecting Phonation Threshold Pressure</i>
	<i>Investigating acoustic and aerodynamic voice parameters in college cheerleaders</i>
Teresa Procter	<i>Perceptual and Acoustic Analysis of the Voice in Native and Non-Native English Speakers</i>
Lisa Prucka	<i>Hot Dog: Assistant Simulator for Office Transnasal Laryngeal Procedures Including Drip Catheter, Injection and Biopsy.</i>
Frank Ragsdale	<i>Quantifying subjective and objective measures of singing after different warm-up times</i>
Sarah Rapoport	<i>Perceptions of Laryngology Fellowship Training: A Survey of Program Directors</i>
Lindsay Reder	<i>Hospitalized patients with new-onset vocal fold immobility warrant inpatient injection laryngoplasty</i>

Jonathan Salinas	<i>Laryngeal Chondroma Presenting as Unilateral Ventricular Fold Fullness</i>
Kiminori Sato	<i>Putative Tissue Stem Cells and Stem Cell Niche of the Human Vocal Fold Mucosa</i>
Glenn Schneider	<i>Development and Testing of a Cutting Rig to Create Accurate Silastic Block Templates for Medialization Laryngoplasty</i>
Steve Schoeff	<i>The development of a high-fidelity laryngeal model to evaluate endotracheal tube injury</i>
Harleen Sethi	<i>A Novel Approach for Multiply Recurrent Zenker's Diverticulum</i>
Manish Shaha	<i>Fluoroscopic Guidance for Revision Tracheoesophageal Puncture</i>
Sonali Sharma	<i>Readability and Quality of Spasmodic Dysphonia Websites</i>
Dustin Silverman	<i>Paratracheal phlegmon as a complication of in-office percutaneous steroid injection in idiopathic subglottic stenosis</i>
Rachel Sims	<i>Delivery of speech-language pathology services within the framework of an international surgical bootcamp: Results and observations</i>
Bonnie Slavych	<i>Patient Reported Outcome Measure for Persons with Voice Disorders: Selection, Interpretation, and Future Needs</i>
Laurie Slovarp	<i>Refractory chronic cough desensitization: A randomized, placebo-controlled trial</i> <i>Investigating the underlying mechanisms responsible for the effectiveness of behavioral cough suppression therapy: Preliminary findings</i>
Liuba Soldatova	<i>Masseter Area as a Measure of Sarcopenia and Predictor of Dysphagia</i>
Phillip Song	<i>Suspension force measurements during phonosurgery: the first 200 cases.</i>
Zoë Thijs	<i>Treatment Outcomes in a Private Practice Community Voice Clinic - Poster Only!</i>
Tamara Thompson	<i>The vocality of Sibyl Sanderson in Massenet's Manon and Esclarmonde: Musical training and Critical response</i>
William Tierney	<i>Sarcoidosis of the Paraglottic Space: A Previously Undescribed Localization of Granulomatous Disease</i> <i>Autologous Fat Injection Pharyngoplasty in Adults with Velopharyngeal Insufficiency</i> <i>Meige's Syndrome and Respiratory Dystonia: A Clinical Overview and Case Series</i>
Andrew Tkaczuk	<i>IV Bevacizumab for the Treatment of Severe Respiratory Papillomatosis</i>
William Valentino	<i>The Utility of Strap Muscle in Complex Type I Thyroplasties</i>
Dylan Vance	<i>Effect of Corticosteroid Inhaler Particle Size on the Voice</i>
Sunil Verma	<i>Is nasogastric tube feeding necessary after surgery for hypopharyngeal diverticula?</i> <i>Assessment of Fiberoptic Endoscopic Evaluation of Swallowing (FEES) Findings in Individuals with Zenker's Diverticulum and Cricopharyngeal Bar</i>
Lisa Vinney	<i>The Influence of Glottal Fry in Audio-Only Media on the Vocal Behavior Patterns of College-Age Women</i>
Brian Walker	<i>Oncologic and Voice Outcomes in Potassium-Titanyl-Phosphate Laser Treatment of Early Glottic Cancer: A Multi-Institutional Retrospective Study & Review of Literature</i> <i>A Sweet Voice: Acute Febrile Neutrophilic Dermatitis of the Larynx</i>
Azure Wilson	<i>Feasibility of Magnetic Nanoparticle Co-culture with Vocal Fold Epithelial Cells</i>
Hui Yang	<i>Adaptation and validation of Mandarin Chinese version of the pediatric Voice Handicap Index (pVHI)</i>
Mike Yang	<i>Suspension Tracheoplasty for Correction of A-Frame Deformity</i>
Grace Yi	<i>Quality and Readability of Online Information on In-Office Vocal Fold Injections</i>
Erick Yuen	<i>A tri-fold approach to treatment of PVFMD—plant-based diet and alkaline water, respiratory retraining therapy, and psychotherapy</i>
Kevin Zhao	<i>Factors Associated with Failure of Electromyography Guided Botox Injection in Adductor Spasmodic Dysphonia</i>
Nina Zhao	<i>Dysphonia and Voice-Related Quality of Life in Older African-Americans</i>
Peiyun Zhuang	<i>Spatial motion characteristics of the arytenoid cartilage using dynamic CT combined with Euler transformations</i> <i>Evaluation of Diffusional Characteristics and Microstructure in Unilateral Vocal Fold Paralysis Using Diffusion Tensor Imaging</i>
